\*1 In Belgium, the regulations for registering foals have been changed since 2024. Herewith we would like to inform you about the procedure for registering foals in Belgium. This is because it is compulsory for Belgian foals to be chipped and sketched by veterinarians. This can only be put into effect if the Oldenburg studbook passes on complete information to the BCP.

**All foals** must be registered according to the rules implemented by the BCP (Belgian confederation of the horse) on behalf of the Belgian Ministry of Agriculture. In doing so, all Oldenburg foals born in Belgium must be included in the "HorseID" database.

For this, we have an agreement with BCP and it has the following steps:

1. The Oldenburg Studbook provides BCP with a file containing the foal's life number, sex, date of birth and parentage data (from the normal birth notification) plus:
  - a. **Establishment number** (code for the location),
  - b. **ID BCP number**,
  - c. **Identifier number**. Please send us the **name of your veterinarian**.

**For all foals of Belgian breeders, we require these three numbers and the birth notification to be sent by email to:** [kathmann.carolin@oldenburger-pferde.com](mailto:kathmann.carolin@oldenburger-pferde.com)

\*2 In Nederland is de regelgeving voor het registreren van veulens sinds 2024 aangepast. Hiermee willen wij u informeren over de werkwijze voor het registreren van veulens in Nederland.

Het is **verplicht** dat de in Nederland geboren veulens **door dierenartsen gechipt** worden met 528... transponders en door ons doorgegeven worden aan de Database van het RVO. Hiervoor zijn we het **UBN nummer** nodig van de locatie waar het veulen staat. Het chippen kan door uw eigen huisdierenarts worden voorgenomen. Belangrijk is dat u de stickers bewaard.
